I had high hopes for the Manga Guide to Calc. because of the previous Guide to Statistics and Guide to Databases books in the series.....Trash. Equations would appear without much explanation, and what I didn't understand compounded to the point where it completely lost me when they got to the part about buying tv ads.

### **The Manga Guide to Calculus** [r/math - reddit](#)

The Manga Guide to Statistics will teach you everything you need to know about this essential discipline, while entertaining you at the same time. With its unique combination of Japanese-style comics called manga and serious educational content, the EduManga format is already a hit in Japan.
